

June 2026

A Message from the Heart of Haiti

Dear Beloved Friends, Partners & Faithful Supporters,

Grace and peace to you from Haiti! Writing to you is one of the greatest joys of this work — pausing to count our blessings, and there are many. Because of you, 65 children are safe, loved, and growing in faith. Because of you, a team of 15 dedicated staff press on each day with hope in their hearts. Thank you for reading, and thank you for caring.

Orphanage News & Children's Update

"Children are a heritage from the Lord, offspring a reward from him." — Psalm 127:3

The Lord recently moved generous friends in the United States to gather and ship ten barrels packed with food, clothing, medicines, and essential supplies — a tangible expression of love that crossed an ocean. We say "at last" for good reason: the border crossing proved exhausting. Bureaucratic delays stretched across hours; guards at multiple checkpoints required monetary payments to allow the barrels to proceed. It is the reality of ministry in Haiti. But every barrel arrived, every item intact — to God be the glory.

Alongside the delivery, we conducted a comprehensive medical clinic providing health assessments for all 65 children and our 15 staff members. Our children are doing beautifully — school is winding down and summer break excitement is palpable! Looking ahead to July, we are thrilled to partner with our supporting church in Ashburn, Virginia for a shared Vacation Bible School — using identical curriculum, with children exchanging letters and videos across the miles, building real friendships rooted in the love of Jesus. Sixty-five children — safe, loved, and looking forward to summer. This is your gift to them.

Ministry Beyond the Orphanage

"Go into all the world and proclaim the gospel to the whole creation." — Mark 16:15

Our mission extends beyond the orphanage gates. We continue walking alongside local churches in Haiti and the Dominican Republic — visiting, encouraging, and strengthening bonds of fellowship. We were recently blessed when one of our Haitian pastors traveled to visit a supporting church in Connecticut, reminding the whole Body of Christ that it has no borders.

In the Dominican Republic, our outreach reaches the Bateys — impoverished Haitian settlements home to migrant workers living on the margins of society. Our teams bring clothing, food, medical care, and hygiene supplies, but above all, the message that these families are known and loved by God. This June, a mission team from Connecticut will travel to serve these communities. Please pray for their safety and for fruit that endures.

Director's Visits to Supporting Churches

"How beautiful are the feet of those who bring good news!" — Romans 10:15

Whenever time and finances allow, Katia and I visit supporting churches and communities across the United States and Canada — sharing what God is doing

in Haiti face to face and bringing small handcrafted Haitian art objects as a humble thank-you from our artisan community. If you would like to arrange a visit — Sunday morning, midweek gathering, or small group — please reach out: drfranco@go-Haiti.org. You are a blessing to this ministry!

Plans for the Future: Trusting God for What Comes Next

"For I know the plans I have for you, declares the Lord." — Jeremiah 29:11

We want to be transparent: we are actively and prayerfully exploring a move to a new location — one offering greater safety and, critically, greater opportunity for our children as they grow toward adulthood. Where we are, while safer than Port-au-Prince, offers little employment or vocational training for older children leaving our care. Our lease runs out in approximately 18 months, and a relocation of this scale will require both significant prayer and significant fund-raising. Please join us on this journey with your prayers and ideas.

How You Can Help

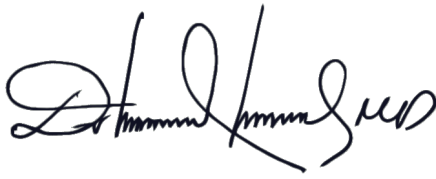

We cannot make this move—or continue our daily care—without your partnership. We are asking for your **continued prayers** for peace in Haiti, for the growth of our new believers, and for the right doors to open regarding our new home. Between the rising costs of food and the upcoming relocation expenses, your support is truly our lifeline. If you are able, please consider a **special financial gift**. Also, if you have the time, please consider an awareness and fund-raising opportunity at your church or in your community — we would be happy to provide you with brochures and postings for social media.

DONATE NOW

In closing, Katia and I are forever grateful for your partnership — this ministry now touches hundreds, if not thousands, of struggling people across Haiti and the Dominican Republic. We never planned to enter the Dominican Republic, but when violence in Port-au-Prince forced us to enter Haiti that way, we discovered those forgotten Haitian communities in the Bateys and could not walk away. Churches have been planted. Lives transformed. Supplies have reached the unreachable. It seems God had the plan all along — as Romans 8:28 reminds us: *"In all things God works for the good of those who love him, who have been called according to his purpose."* What we thought was a detour was the road He had paved. We are humbled to walk it with you. God makes good of all things — the detour was the road He had paved all along.

Thank you for being part of our family!

In His service and deep gratitude,

Dr. Franco and Katia (RN) Jean-Louis

“Whatever you did for one of the least of these brothers and sisters of mine, you did for me.” — Matthew 25:40
